Gameplay Rules

1. All Characters and Summons can be cast using CP of any colour. However, cards like Emperor Xande that specify how costs must be paid must still be followed. This rule is only applicable when paying the Costs to cast Characters and Summons. Abilities must still be paid with the correct colour of CP.

- **Example 1:** You may use 1 Wind CP & 1 Earth CP to play a 2-Cost Fire card, such as **1-009C** Cloud or **1-190S** Bahamut Fury.

- **Example 2:** 1-191S Red XIII's Special ability must be paid by using 4-Fire CP.
- **Example 3:** 3-030L Kuja's 2nd ability must be paid with 1 Ice CP.

2. You may have 2 or more Characters with the same name on the Field at the same time. You may have both a Forward and Backup with the same name. However, you may only control one of each unique card at any given time (ie Card Number).

Example: You MAY control the Forward versions of Yuna 1-214S, 2-138L, and the Backup version of Yuna 1-176H at the same time. You MAY NOT control 2 copies of the Forward Yuna 2-138L or 1-176H at the same time.
